Date: 18th March 2025

Program Name: Semester Internship Viva

Conducted by: Sri M. Nagababu, External Examiner

Brief Report: The Semester Internship Viva for III B.Sc Computer Science students was conducted successfully on 18th March 2025 at Government Degree College, Ravulapalem. The viva was designed to evaluate the students' learning, application, and implementation of concepts gained during their internship on Python programming. The event was overseen by the English Department and included a panel of academic experts.

Key Highlights of the Viva:

1. Purpose and Structure:

The viva aimed to assess students' practical understanding of Python programming concepts, including:

- Data structures and algorithms
- Object-oriented programming in Python
- Web development using Python frameworks
- Data analysis and visualization techniques

2. Student Presentations:

- Each student presented their internship project, explaining its objectives, methodology, challenges faced, and outcomes.
- Demonstrations of coding skills, problem-solving techniques, and real-world applications of Python were assessed.
- Students showcased PowerPoint presentations, which included code demonstrations, workflow diagrams, and project summaries.

3. Evaluator's Feedback:

- Dr. Aseesh Babu commended the students for their technical proficiency and innovative project ideas.
- He emphasized the need for students to enhance their coding efficiency and encouraged them to explore advanced Python libraries for future projects.

4. Assessment and Grading:

- Students were evaluated based on conceptual clarity, coding proficiency, project presentation, and practical implementation.
- The overall grade awarded for the viva was A.

The Semester Internship Viva was a valuable learning experience for the students, providing them with an opportunity to showcase their technical expertise and gain constructive feedback. The event reinforced the importance of practical application of programming skills in real-world scenarios. The Department of Computer Science appreciates the contributions of Dr. Aseesh Babu and extends gratitude to all faculty members and students for their active participation.
