REPORT OF THE EVENTS

21-02-2023

The Department of English, GDC, Ravulapalem, commemorated **International Mother Language Day-2023** with considerable pomp. The programme was opened by **Dr.B.Aseesh Babu, Head of the English Department of the Government Degree College, Mandapeta**, who attended the event as the Chief Guest. The pupils spoke and sang in their native tongues.

Dr. B.Aseesh Babu, the chief guest, stressed the value of mother tongue proficiency when speaking on the topics of language, education, and national development. A pupil who speaks his mother tongue well can pick up other languages quickly. France, Germany, Japan, China, Sweden, Russia, and Norway are a few of the nations whose regional tongues have replaced English as the primary language of development.

Modern metropolitan women are hesitant to speak to their children in their mother tongue, according to **Ms. G. Soni, Head of the Department**. The development of any civilization depends on its strong cultural and linguistic heritage; hence this trend could be harmful in the future. Nations founded on languages have advanced far more than nations founded on religion. Speaking to the visitors on the occasion, **Smt. K Rajani, Convenor, WEC** remarked that education is essential to a nation's prosperity and that it can only be attained via language. Education in the native tongue always produces greater outcomes than education in any other language in the globe, according to **Smt. U. Subhashini, Coordinator, IQAC** of the college followed by prize distribution to the students who win prizes in **Poster Making/Presentation** held on 20-2-2023 on the theme **Promoting Patritism**

After the celebrations, a lecture cum an interactive workshop on “**Cultural and linguistic diversity, fostering multilingualism and the preservation of mother languages in India**” was held at 4.00pm by the Resource Person **Dr.B.Aseesh Babu**, Head of the Department of English of the Government Degree College, Mandapeta, who stressed on the theme of Multilingual education – a necessity to transform education as 40 percent of the population does not have the access to education in a language they speak or understand followed by felicitation to the resource person and the oral feedback of the students as well. The event ended with national anthem.
